A business plan is only a document on paper without a real path to get the work done, complete with a schedule, defined roles, and key responsibilities. While the milestones and metrics section of your business plan may not be long, it's critical that you take the time to look forward and schedule the next critical steps for your business. Investors will want to see that you understand what needs to happen to make your plans a reality and that you are working on a realistic schedule.

### Write your business plan

Creating a business plan for your company will guide you in defining your unique selling proposition (USP), and give you clarity of the marketplace you wish to operate in and the competition your business will be up against. You'll use your business plan to work towards a series of milestones that will help you to grow your company.

### How to write a business plan | Sage Advice United Kingdom

A business plan is a formal written document containing business goals, the methods on how these goals can be attained, and the time frame within which these goals need to be achieved. It also describes the nature of the business, background information on the organization, the organization's financial projections, and the strategies it intends to implement to achieve the stated targets. In its entirety, this document serves as a road map that provides direction to the business. Written business
