191 - AMINA FULLER

Hi Gerry . There is no reset as such, let me please explain what this light means and what you have to do to have this light switch off , If any warning lights are on this is a reason for a MOT failure . The check engine light is yellow, meaning you don't have a great problem, this comes on when the management system (ECM), encounters a malfunction within the engine and transmission system.

Ford Focus - How to reset the Engine Management Light - Ben 10 : Cancelling the light will not cure your problem. These management lights rarely come on unless there is a problem. I've had several Focuses and never had one come on yet. So I suggest you swallow the price tag and get a Ford diagnosis.
