C6E - YATES PATRICK

[Nursing Theories the Base for Professional Nursing ...](#)

The critical component in choosing a nursing theory for an organization is the 'fit' between the philosophical assumptions of the organization and the theory. Modelling and role-modelling, a theory and paradigm for nursing, can be implemented in any setting. Hospice is a concept of care, not a place. Hospice care illustrates the excellent 'fit' between an existing philosophy of care and theory-based nursing practice.
