Welcome Future Professional Trader! Are You Ready To Learn To Trade Like A Real Pro And Start Making Serious Money Today? Includes 3 Manuscripts!!! Forex Trading: Trading is an art. If you want to become a professional Forex trader then you need to devote yourself to the financial industry. To be honest you must love your trading profession or else it will be nearly impossible for you to overcome all the obstacles. According to statistics, almost 95% of the traders are losing money. Do you know why this number is so high? The simple answer lies within the depth of knowledge of the retail traders. Due to the easy access to the online trading instrument, people barely pay attention to the proper knowledge of Forex trading. They simply fund their trading account and start placing trades based on their emotion. Every single trader dreams to become Forex millionaire within a very short period of time. If you dream to become a successful trader then start learning from the very scratch. Options Trading: Who doesn't want to earn more money? It is almost impossible to find someone who is not interested in making more money than they already have. One of the best ways to earn more money is by making investments. Once you decide to save a little money, you have to focus on investing it to increase its value. One great place to make investments is the stock market. A stock market is a place where stocks are bought and sold. But what one doesn't know is that apart from stocks, there are many other financial instruments available. Most people refrain from trying out newer methods of investing and stick with age-old techniques. They tend to stick to stocks, bonds, etc. Options trading, being relatively new, are not as popular as these methods. In such a case, it becomes essential to know about options so that one can start making options investments. Day Trading Stocks: Day trading has been becoming popular over the last couple of years. The arrival of new software technologies and the introduction of online brokers have made day trading so simple. Investors can now invest as low as \$1 on any trade,

thanks to online brokers. However, the success rate in day trading is quite low, representing the risky behavior of the markets when it comes to day trading. This book helps day traders in understanding the basics of day trading. In addition, the book also explicitly describes several rules and strategies that traders can use to maximize their returns and minimize their losses. Get Ready To Master Real Trading Skills! Here Is A Preview Of What You'll Learn... Options trading basics Options Strategic planning Your first options trade Risk management in options trading Types of options Forex market structure Spotting the perfect trend Candlestick patterns How to use Fibonacci tools in Forex Risk management Trading psychology Day trading for a living Stock selection for Intra day trading Trend following strategies Rules to trade sideways markets Much, much more! Do you want to learn how to get started day trading successfully, but have no idea where to begin? Are you tired of continually losing money day trading and are about to throw in the towel? Are you looking for a great way to diversify your income streams and protect yourself from economic downturns? If your answer is yes to any of these questions, then this book is for you. In today's fast-moving world, it's a dangerous idea to rely on a single source of income, especially if it's a day job. The recent outbreak of all over the globe has driven this point home. Entire families have had their sources of livelihood completely wiped out and are dependent on government handouts. In Day Trading for Beginners, Gordon Swing shows you how to avoid this fate and begins with an in-depth look into the day trading industry and shows you a high-level overview of how it all works. You'll discover a day trading roadmap used by successful traders in making profitable short-term trades and proven ways to manage your emotions in the stress and heat of the moment, helping you avoid deadly mis-

takes. Take a look at some of the tips you're going to uncover in Day Trading for Beginners: All you need to know about Day Trading and how it works explained in plain, simple English The subtle but important differences between day trading and swing trading or long-term investing Money-spinning reason to get involved with day trading as soon as you can The dark side of day trading that most experts are unwilling to tell you about and how to sidestep them The 4 essential traits you must develop if you want to become a successful day trader 8 important day trading tips you must adhere to if you don't want to risk losing all your money in the market The ultimate guide to finding good stocks to trade in the market that are likely to turn a profit for you The 10 essential tools of trade used by every successful day trader ...and loads more! The Ultimate Guide to Chart Patterns is your 'cheat sheet' for making technical trading decisions. Learn to spot trends and act on them intelligently. This book has everything you need: *An introduction to chart patterns and why they can take your trading to the next level*21 detailed chart patterns with a historical example for every chart*Exit and entry suggestions*Chart pattern trading tips*An introduction to the powerful Raindrop Chart Patterns from Trendspider.comBuyers and sellers for each trade execution are always equal, it's the price that changes. Every chart tells a visual story of the battle between buyers and sellers at different price levels. Their decisions create patterns that start to show the current path of least resistance. This book is intended to be a road map for seeing the patterns that emerge on charts. Using chart patterns will give you an edge because they'll help you trade in the direction of least resistance, profit from momentum, see the potential for a reversal in

price action and create good risk/reward ratios upon entry. This edge will show good levels for entries that allow a stop loss to limit a losing trade, but give enough room for a trailing stop or profit target to create a large winning trade. By finding the best price zones on a chart, you'll be able to execute the best asymmetrical risk trades and be more profitable over time. From Steve Burns of NewTraderU.com: "Over the last several years, I've enjoyed getting to know, and working with Atanas Matov. He has remained one of my most popular guest writers on NewTraderU.com, and his insight on technical indicators, how to identify and trade a trend and his chart pattern knowledge are invaluable to traders worldwide. After the launch of the incredibly successful, Ultimate Price Action Trading Guide, we knew we wanted to team up again. This chart pattern book is our combined effort to bring a clear and concise explanation of chart patterns to help you recognize charts and build pattern recognition." If you want to know how to make high profitable profit every year in stock market, then keep reading.... The stock market is one of the best places for anyone to secure financial freedom and earn the capital to live the life of their dreams. If you are ready to stop relying on linear income, hoping for new passive income streams to earn profit faster, and wishing there was a better way, Swing Trading Options is for

you! Swing trading with options is one of the best ways to earn an income from trading stocks without exposing yourself to nearly as much risk. The minimized risk comes from two different areas of this trading style--the strategy used and the financial instrument leveraged. The strategy used--swing trading--is a middle-term strategy, which means it minimizes your risk while also maximizing your profitability. Plus, due to how it is designed, you are able to cash out on those profits far faster than you would with other trading styles. The financial instrument leveraged--options--is a form of instrument that has a much lower cost than stocks. It also exposes you to much lower losses. This means they are easier to get into and that your losses are much less drastic if you do experience them in your trades. In Swing Trading Options: The Ultimate Trading Guide to Discover a Safe and Profitable Trading Strategy That Adds Diversity and Rapid Growth to Your Finances and Generates Fast and Secure Profits, you are going to learn how you can maximize the profitability of this strategy and financial instrument to earn a great income from trading. Some of the things you will learn in this Swing Trading Options include: What swing trading is and what options are Investment and trading opportunities How swing trading works How options work The types of options you can buy and sell The best tools that you need to have to complete these trades What fundamental analysis and technical analysis are and how to use them Validating your positions, so you can make the best trades An example of what a trade looks like Strategies to trade like an expert And more! If you want to become an expert trader and earn massive income by swing trading options, this book is exactly what you are looking for. Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or be-

cause you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

Day trading is difficult. The path is fraught with risk. But a pot of gold awaits those who learn their lessons well. After four decades in the markets as a trader, analyst, author, educator, and system developer, Jacob Bernstein sets down a comprehensive guide to the art of day trading. You will learn: New day trading methods Order entry strategies How to avoid costly errors when using electronic trading platforms Detailed strategies to maximize profits With this book, readers will have the complete guide they need to profit from this risky but exciting field. Trading profits are just a day away.

Many people perceive trading as nothing more than a gamble. But there are still people who consistently make money trading. How do they do it? They've learned to separate gambling from trading. And the way they do this, says author Marcel Link, is by developing a proper plan. In Trading Without Gambling, Link shows how to create and use a sound game plan to improve every aspect of trading—including finding trades, timing, knowing how much to trade, where to exit, and how to adjust risk—while leaving very little to gambling.

The unapologetic, laugh-your-ass-off military memoir both vets and civilians have been waiting for, from a five-tour Army Ranger turned YouTube phenomenon and zealous advocate for veterans--this is Deadpool meets Captain America, except one went to business school and one went to therapy, and it's anyone's guess which is which.
