What if you could look inside a novel and see exactly how it works, like a doctor analyzing an x-ray or MRI scan? In The Story Grid Contenders Analysis Guide to The Threshing Tim Grahl and Shawn Coyne look deep into the heart of Grahl's dystopian action novel set in a grim future where people compete in a virtual world to survive in the real one. What essential actions lie beneath the moves the characters make? How does each scene propel the story forward? Coyne opens the Guide by analyzing the structure of the Action Story, the first and most primal fiction genre.

Why have humans shared heroic tales that pivot on life-or-death choices ever since we began gathering around campfires? Why do Action stories persist at the top of bestseller lists? Because they speak to our desire to experience heart-stopping fear and excitement and learn hard lessons vicariously. Coyne's analysis provides the framework you need to satisfy those desires in readers. Then Grahl takes you into his process of crafting a story that works by dissecting the structure of each scene, from inciting incident to crisis to resolution. You'll see the critical choices he made to deepen his characters' dilemmas

and surprise readers again and again. There is simply no better way to learn the craft of storytelling than to study a novel scene by scene. This Story Grid Contenders Analysis Guide is a valuable tool for any writer or editor interested in the art and science of storytelling. By showing you the inner workings of this contemporary action story at the macro and micro levels, Coyne and Grahl give you the tools to analyze your own work, diagnose and solve problems, and level up your craft. What does every mile mean to you? When you hit the trails, the road, the track or the treadmill, what does each mile mean? A

group of runners and walkers from around the world share their stories as they let us know what every mile matters means to them. Get ready to be inspired.

It was only supposed to be a short visit. It turned into a love affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to work together, she discovers that there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage.
